**Big Madison County Firm Turns Its Property Over to Assignees.**

**\$300,000 INVOLVED IN THE FAILURE.**

Failing to effect a satisfactory compromise with their creditors, R. B. and W. S. Hume, proprietors of the mammoth coopersage plant at Richmond, Ky., and other business interests in Madison county, filed a deed of assignment on Aug. 1st. Harvey W. Cheneau, of Richmond, and L. V. Harrington, of Atlanta, Ga., brothers-in-law of the Humes are named as assignees. It is understood that the firm is heavily involved, liabilities something like \$300,000. To offset this are assets amounting to nearly \$200,000, which includes their big plant, the Hume distillery at Silver Creek and other holdings.

Hiram Blow and other Louis ville creditors at the recent conference of the creditors in Richmond, did not consent to an extension of time, but filed a petition in bankruptcy in the United States Court at Covington, before Judge Cochran, in which the insolvency of the firm was alleged.

It is said that four banks of Richmond were all caught in the failure for large amounts each, varying from \$15,000 to \$20,000.

The cooperage plant operated by the firm, and which had been forced to suspend, was the second largest barrel factory in the United States, employing about 250 men. It had a capacity of 1,500 finished barrels a day, and its pay roll exceeded \$100,000 annually. The firm also owned a controlling interest in the electric light plant of the city. The failure is one of the largest ever recorded in this section.

**Petition Filed By Mrs. Marcum to Perpetuate Feitner's Testimony.**

An important step was taken in Winchester by the attorneys for Mrs. Marcum, in her \$100,000 damage suit against the Hargies, French and Callahan for the purpose of perpetuating the testimony of Mose Feitner.

Her Attorneys, Byrd & Jouett, filed a petition in Judge Benton's court asking for an order for the taking of Mose Feitner's deposition on the general allegation that Feitner may be killed and her cause thus be bereft of his important testimony.

In the allegations of the petition appear the following significant language:

"Plaintiffs say that in said action they expect to prove by M. B. Feitner that these defendants here in on divers occasions and at different times tried to employ him to kill and murder said James B. Marcum, and by said Feitner they expect to prove the various plots and plans laid and devised and instigated by these defendants with Tom White and others to assassinate said James B. Marcum."

### Fell Dead.

A man fell dead in Chicago the other day from heart trouble, and thousands die every day in the same way. But the cause of nine out of ten such cases of heart trouble is indigestion. The cure is Dr. Caldwell's (laxative) Syrup Peppermint. The swollen, inflamed, and engorged stomach, presses right up against the heart and prevents it from working; your heart flutters, palpitates, pains and you are short of breath; some lose it forever. Just try for these symptoms, a few doses of Dr. Caldwell's Syrup Peppermint, and see how quickly it will cure you. Sold by W. S. Lloyd at 50¢ and \$1.00. Money back if it fails. 8-5t.

### Who Got Your Umbrella?

A Massachusetts Judge has officially decided that an umbrella is property and fined a man \$10 for appropriating to his own use one belonging to another person.

The appropriation of other people's umbrellas has become so common that it has ceased to be a joke. The taking of them seems to be regarded as legitimate as picking up a lost pin, and the public conscience has become so demoralized that the name of an owner with his address, attached to an umbrella, is no safeguard to it if left in a public place, or against appropriation by persons who would be shocked to be thought capable of stealing any other species of property.

### Bints to Houseworkers.

Nothing is more important to the hardworking housekeeper, than to keep her liver properly working; otherwise, that pale, shallow look, and tired feeling, will make her look and feel as sick as a dog. Nothing will keep you up to the mark, with out injurious stimulation, so well as Dr. Caldwell's (laxative) Syrup Peppermint. It is a pure liver tonic—a cure for Constipation, Biliousness, and Indigestion. Sold by W. S. Lloyd at 50¢ and \$1.00. Money back if it fails. 8-5t.

### Same Here.

Father—My boy, try to be contented with what you have.

I am, daddy. It's what I haven't that bothers me.

**How To Secure Claims—Great Rush Expected—Will Be 6,835 Homesteads Of 160 Acres Each.**

After having given the Ute Indians about 362,000 acres (about half in common for grazing their herds, and the rest of it to them severally), Uncle Sam is about to throw open to the white citizens of his land the great Uintah reservation, barring a forest reserve of 1,100,000 acres and a military reservation of 3,840 acres.

This great country is practically unknown except to the Mormons. Two-thirds of it is said to be capable of great cultivation if it is irrigated.

### How to Secure Claims.

Location—Northwestern Utah, untouched by a railroad. Areas to be opened—1,090,000 acres.

Price per acre—\$1.25. Terms—Payable in five years. Subject to "location" after August 28.

Registration must be in person, except in the case of old soldiers and sailors. These may register by mail to the general Land Office.

Others must register in person at Price, Provo, or Vernal, Utah, or Grand Junction, Colo., between August 1 and August 12.

Registration fees (if you wish a claim) \$10.

Conditions for title—14 months' residence, permanent improvements and payment of fee and \$1.25 per acre.

Irrigation is necessary. Cost to irrigate the Uintah lands, \$8 to \$10 per acre.

Federal Government fixed rates to be charged for water by canal companies.

Number of homesteads, of 160 acres each—6,655.

Minerals are known to be on the reservation, but practically all of these claims have been taken up with the consent of the Government.

Cost of railroad fare from Denver to Grand Junction and return, \$22.50.

Vernal is 300 miles west of Denver and 200 miles east of Salt Lake City.

First fifty choices will command big premiums, from mining prospectors. An alleged offer of \$60,000 for the first choice is said to exist.

### COAL, HAY, CORN AND OATS.

Before buying Coal or Feed confer with

Indian Creek Coal & Feed Co.

Who are prepared to quote Lowest Prices in our large or small quantities.

W. P. OLDFHAM, Manager.

Phone 747.

No such thing as "summer complaint" where Dr. Fowler's Extract of Wild Strawberry is kept handy. Nature's remedy for every loose-remedy of the bowels. 8-5t.

### Looks Like It Is Up To Taxpayers

Jeffersonville taxpayers are much dissatisfied with the operation of the law which creates city Judges in towns of Indiana.

During July, Judge Schwaniger has collected only \$8 on fines in the Police Court to apply toward paying a salary of \$100. They think the law will work a hardship.

Drink Wainscott's Pop. 88-5t.

**Circuit Judge Wanted to Know If Any Of His Grand Jurors Had Ever Warmed Up to a Bribe Before Taking Up An Election Case.**

In charging the Knox county grand jury, Judge Faulkner asked the jurymen if there was any of them who ever received or used money as bribe at an election, if so to step aside. No one was excused.

He then charged the jury to investigate the last election and indict any one who used money. He said it had reached the point in the mountains where, when a man announced for office or Congress, the first question was how much he had. He wants the mountain purified so that a poor boy may have the same chance as a rich man.

### Chicago Soon To Have "Scotland Yard" Of Her Own.

Chicago soon will have its own Scotland Yard. Chief of Police John M. Collins announced that he will establish a murder bureau under the tutelage of Assistant Chief Schuetter. The assistant chief will have on his special staff eight of the best detectives in the city.

As soon as a murder or any other big crime is committed, the "runners" from Schuetter's office will be on the scene with a photographer and an artist or a draftsman. Every bit of tangible evidence will be picked up, labelled and used by the detectives in working up the case and in its prosecution in the criminal court.

### The Fear of Death

Often haunts the miserable, dyspeptic, bilious patients, who suffer from heart palpitations, chronic cough, melancholy, nervousness, headache, colic, constipation, etc. No need to fear, for in Dr. Caldwell's (laxative) Syrup Peppermint, you will find a safe, pleasant and perfect cure, for all this pain, distress, and worry. It clears the brain, purifies the blood, and cures all forms of indigestion and bowel trouble. Try it. Sold by W. S. Lloyd at 50¢ and \$1.00. Money back if it fails. 8-5t.

### Tin Tags to Build Church.

J. P. Withrow, a merchant of Hollis, N. C., proposed to undertake to build church at Hollis with tobacco tags. He calls upon every tobacco chewer in America to aid him in this work, and tells them that they can contribute their part to this interdenominational church by saving their tobacco tags instead of throwing them away, and sending them to him at Hollis post office, N. C.

### Police Removed And Teamsters Reinstated.

In Chicago the police were removed Aug. 1 from the wagons of many firms that had been strike bound for four months and correspondingly as many union drivers were restored to their old places. The Employers' Association reinstated the teamsters in a body and decided to lift the ban placed on all strikers a week ago. The boycott against five big coal companies is still on.

### Haggins Buys Another Farm.

James B. Haggins, of the Elmdorf breeding establishment, has purchased the A. A. Delong farm of 216 acres, which is on the opposite side of the road from that part of Elmdorf lying along the Russell Cave pike in Fayette.

**IMPORTANT CHANGES IN CRIMINAL CODE Recommended By Commonwealth's Attorneys.**

### HAY FEVER FOR 25 YEARS.

**Well Known New England Woman Cured of Hay Fever—Cure Was Lasting.**

Important changes in the penal code of Kentucky were recommended by the Commonwealth's Attorney's Association in Kentucky, which has completed a three day's session at Grayson Springs.

The most important changes which were agreed upon as being desirable related to the jury system and the method of selecting jurors. The question of the number of number of challenges was considered, and it was agreed that the defense should be limited to ten, while the State should have the same number. At present the State has only five and the defense has fifteen. Another section of the code, relating to the eligibility of petit jurors, is defective, the attorneys think and they want it amended so that a man may serve as petit juror only once a year. This would do away with the professional juror.

As to the summoning of bystanders the Commonwealth's Attorneys believe that in order to complete a panel, for one or more bystanders be summoned, the Sheriff should be required to summon ten or twenty men. The names of all would be put in a box and the necessary number drawn therefrom by chance. The attorneys also decided that the official court stenographer should be on the grand jury room during the hearing of evidence before that body, if the Commonwealth's Attorney deemed it advisable. This would prevent false swearing before a grand jury or would make conviction easy.

### Stop Babies' Tears.

Ninety per cent of babies' troubles are caused by disordered stomach or bowels. They can all be quickly cured by a few doses of that great digestive medicine, Dr. Caldwell's (laxative) Syrup Peppermint. It digests curdled milk, sweetens the breath, relieves fever and relieves pain. Absolutely harmless to mother or child. Sure relief in teething. Sold by W. S. Lloyd at 50¢ and \$1.00. Money back if it fails. 8-5t.

### Odd Fellows.

From reports received from lodges in Kentucky there will be an increase in the membership of about 2,000. The membership in Kentucky now numbers about 20,500. When Grand Secretary Elliott was first elected there was not quite 7,000 members.

The Memphis Commercial Appeal looks a serious situation in the face thus hopefully:

Make up your mind. That the yellow fever is not coming to Memphis. That if it does come, you won't have it.

That if you get it, you won't die of it.

That if you do die of it, you are perhaps better off, and your creditors will mourn your untimely taking off.

Croup instantly relieved. Dr. Thomas' Electric Oil. Perfectly safe. Never fails. At any drug store. 3-5t.

### Dishonest Stork.

When the six-year-old son was taken in to see the new baby, he exclaimed:

"O mama, it hasn't any teeth! O mama, it hasn't any hair!"

Then, clasping his hands in distress, he cried: "Somebody has cheated us. It's an old baby."

**Russian Torpedo Boats Attack Merchant Steamer.**

On Thursday two Russian torpedo boat destroyers appeared on the northern coast of Korea and attacked a small merchant steamer. The destroyers fired sixty shots, seven of which hit the port side of the engine room and bridge, killing the Captain and one boy and wounding two of the crew. The destroyers then steamed toward Vladivostock.

**Eczema, scald head, hives, itchiness of the skin of any sort instantly relieved, permanently cured. Doan's Ointment. At any drug store.**

**Vermont Loses Three Towns To Canada.**

Three towns in Northern Vermont with a total population of 1,500, have proven to be located in Canada. The towns are Richford, East Richford and Stevens Mills.

A joint surveying commission was appointed to inspect the boundary line, and as a result a strip of land several miles in length and from one-half to one mile in width is found to belong to Canada. On this land is located the Chinese detention station.

## ANNOUNCEMENTS.

We are authorized to announce, JAMES L. BROWN is a candidate for Lieut. of Montgomery County, a witness to the action of the Re-publican party.

## WILL GIVE THEIR BEST SERVICE.

At the last meeting of the City Council the Old Kentucky Telephone &amp; Telegraph Company was cited to appear before an adjourned meeting of the Council, to show reason why its franchise should not be revoked because of bad service of said company to its local subscribers.

We have investigated the telephone situation here and we think that the Old Kentucky Company is using its best efforts to better the service, and, in fact, it has already been very much improved within the last week or so.

We find that the cause for the temporary bad service was a strike of the local operators for an increase of their salaries, which the company could not give them, on account of the low rates received by it for telephone service—the residence rate being only \$12 per year.

Our advice would be that no arbitrary step be taken by our City Fathers.

What we want here is more capital invested; more new enterprises encouraged to come and invest their money. If we should attempt by the revocation of the Old Kentucky Company's franchise to destroy it, how could we expect other people with money to invest, to come here with it?

We feel sure, from what we are able to learn, that it will be only a short time before the telephone service will be just as good as ever.

## BUSINESS IS BUSINESS.

We have for some months past been publishing articles favorable to Christian Science. The space is paid for. To-day we publish an article, "Christian Science Denounced." This space is also paid for. Ours is strictly a religious paper, but parties wanting to promote or oppose any particular kind of religion must pay for the space—Winchester Sun-Sentinel.

There are other journals strictly denominational and they make a charge for obituaries because they occupy space and because it is off of space that they receive a pitiful remuneration. Such charges are legitimate and just. We would have our friends to discern the difference between a death notice and an obituary. A death notice is a news item, an obituary is a monument the likeness of which is unto marble.

The cross index question for this County is before a committee elsewhere mentioned. It is one of the County's actual needs and it is the wish of those mostly concerned that this work be pushed to a completion as rapidly as possible.

J. EARL MIDKIFF.

This sketch is for the purpose of introducing to the public Mr. J. Earl Midkiff, of whom the above is a likeness. He was born at Mt. Vernon, Ill., March 18, 1885; his father was stationed at that point as pastor of the Baptist church. Though Mr. Midkiff was born and reared in Illinois, both his parents are natives of Kentucky.

Mr. Midkiff is a graduate of the classical department of Ewing College, Ewing, Ill. Though the youngest member of his class, he was assured by the faculty that he always stood at the head. He is recommended by the faculty unanimously as a young man of pleasing address, sterling integrity, strong personality, and Christian character, possessing in large measure those qualities which fit a man to be an intellectual and social guide to young people.

He has had two years experience as teacher in the graded schools of Christian county, Ill., and is endorsed by the supervising officers as an unusually strong teacher.

He is an accomplished singer, and is touring this summer as second banister in the Ewing College Quartet.

Mr. Midkiff has been unanimously elected by the board of trustees of the city school as first assistant in the high school to succeed Mr. W. F. Wyatt, resigned.

The Advocate joins with the friends of the school in welcoming Mr. Midkiff to our city. We would have him be at home with us.

## Fever on the Isthmus.

Gov. Magoun's report for July on the yellow fever situation on the Isthmus shows an improvement over the preceding month. During July there were twenty-nine cases of fever. Since the present outbreak of fever on the Isthmus the latter part of April, there have been twenty-six deaths, and of this number fifteen were employees. The average force during this quarter has been in excess of 10,000 employees.

## Pike Franchise.

A commission of the Bank Fiscal Court will on September 11 sell the franchise rights for telephones on all the pikes in the county.

## Turnpike Supervisor.

At the April term 1904 R. S. Stokely and W. W. Eubank were elected Turnpike Supervisors by the Fiscal Court of Montgomery County for the period of two years each, and each of them was to have charge of a certain number of pikes. Under a decision of the Court of Appeals rendered some time later it is held that a county can have only one Turnpike Supervisor. At the April term 1905 of the Fiscal Court Mr. Stokely resigned as supervisor, and his resignation was accepted by the Court. This left only one supervisor, W. W. Eubank, who claims that within the law he is entitled to have Supervision of the entire County by virtue of his election as Supervisor for two years and that his term will not expire till April 1906.

At the April term 1905 a motion was carried by a vote of 4 to 2 that the County elect a Turnpike Supervisor and therefore Mr. T. J. Douglas received the votes of three magistrates and three others elected to vote.

Mr. Eubank contented that the Court had no right to hold an election as his term had not expired and would not until April 1906, and continued to discharge his duties as Supervisor for the whole County. On August 4 at a meeting of the Magistrates an order was passed by a vote of 4 to 2 declaring the office of Supervisor vacant, and directing that Mr. Eubank be not recognized as such Supervisor. Mr. Eubank contented that the only way he can be removed from his office is that charges be filed against him and 10 days notice thereof be given him of same and only upon a trial of said charges can be removed or the office declared vacant. No charges of any kind were preferred against him and no trial of same being had and he not being removed for cause he claims that he is still legally the Turnpike Supervisor and that his term will not expire until April 1906.

Good brooms 10¢ apiece. Carrington & Lindsey.

## Generous.

It is said that James W. Parrish of Woodford county, who this year lost by hail 185 acres of tobacco has released his tenants from obligations amounting to about \$5,000.

## Fiscal Court Items.

The court met on Friday.

The master of re-indexing the records of the County Court Clerk's office was referred to a committee composed of R. G. Kern, Jno. G. W. C. G. Thompson, A. A. Hazellrigg and Jno. C. Trimble, and will be finally decided upon by the Fiscal Court at a subsequent meeting.

The County Treasurer is ordered to pay out of funds collected for turnpike purposes on the levy for 1905 any claims for work or services rendered on turnpikes to July, first, 1905.

Whereas, the Fiscal Court of Montgomery county, at its regular April term 1905, declared that a magistrate should be placed in the office of Turnpike or Pike Supervisor and at which time an order was entered directing that a Supervisor be elected, and whereas the said Court did at the time attempt to elect such officer but failed to do so, and County Judge having failed to appoint. Now it is ordered and declared that a vacancy exists in the office of Turnpike or Road Supervisor and has existed since the meeting of this Court at its April term, 1905, and that the Fiscal Court alone has charge and supervision of the turnpikes and roads, and done very little work like repairing a few little roads and repairing pikes for a year or two previous. Consequently the pikes were all very much worn and badly in need of repair. The county thus started in with a heavy debt on it on account of turnpikes and has been struggling ever since to try and reduce the debt and at the same time keep up the pikes and pay other obligations. There has been paid in principal and interest on this debt about \$55,000, the amount remaining unpaid being reduced to about \$37,233 of which amount \$31,000 is paid and the remaining \$6,233 being still due.

Up to April, 1904, the magistrates had supervision of the turnpikes at which time two supervisors, R. S. Stokely and W. W. Eubank, were elected by the Court. The amount of travel on the pike since they were freed has been very largely increased and the wear and tear in proportion greater thus making it more expensive to keep them in repair.

The cost of repairs on pikes has been charged up to each supervisor and has been paid on order of the magistrates, supervisors, all of which are on file in County Clerk's office. Reports will be published showing amount spent by each supervisor and how spent, showing amount used on each pike and that the said work done was necessary and that the county got the benefit of every dollar spent.

The amount of vouchers for repairs is about \$4,500 and there are available funds on hand with which they can be paid. The amount of vouchers for repairs is about \$4,500 and there are available funds on hand with which they can be paid. The amount of vouchers for repairs is about \$4,500 and there are available funds on hand with which they can be paid.

This sum has been put directly into the pockets of the burley growers through the firm stand they took, and despite the fact that the organization could not secure financial backing, through the collusion of the Standard oil interests. Organized on a solid foundation this year, with ample money behind the association, the tobacco industry of the State should be restored to the prestige it once enjoyed.—Mayville Bulletin.

## A Natural Result.

It is reasonable to suppose if the foundation to a structure gives way, the building is bound to come down. The principle can be applied to the human body. If the body becomes weak, disease follows, and a cure is sure to follow. Hypoglycemia, indigestion, sick-headache and biliousness, their foundation is stomach disease. If the stomach is not strong, the body is weak, symptoms are no more. There is one cure drugstore 25cts. per box. It is Dr. Ginn's Improved Liver Pills. One for a dose. They make the cure by taking away the cause. For sale by J. & Lucy, Druggists.

## President Roosevelt Preaches a Sermon.

On Sunday afternoon the President preached to the Christian Brotherhood in the Methodist Episcopal church at Oyster Bay. No previous announcement had been made. There were about 200 present. He emphasized the necessity of sound character building, holding that high moral character is the real essence of Christian life.

## Natural Gas for Mt. Sterling.

An article in Sunday's Lexington Leader says that Lexington, Winchester and Mt. Sterling will be supplied with natural gas for fuel within a few months, probably by Thanksgiving. The supply is the Menefee county wells, where already 10 wells have been dug, yielding about 13,000,000 cubic feet per day, with a pressure of 90 pounds—amply sufficient to supply the necessities. The maximum price will not exceed 40¢ per 1,000—about one fourth of the present price—and will probably be as low as 30¢.

Pipe laying can begin at these towns and the wells at the same time and rapidly completed. Mt. Sterling will be reached by a branch from main line.

## Republican Ticket.

On Saturday the Republicans of Lexington and Fayette county decided to put out full tickets. The leaders disregarded the directions of the negroes for a representative on the ticket.

## Government Health Authorities

## Say Yellow Fever is Spread by Mosquitoes Alone.

The Public Health and Marine Hospital Service has issued a circular on the prevention of yellow fever. The directions given look to the suppression of the mosquito as the only means of preventing its spread.

"No mosquito, no yellow fever," is the motto of the circular.

The document continues as follows:

"The infection of yellow fever is carried by mosquitoes and by no other means is the infection spread. Persons take the disease by being bitten by mosquitoes that have previously bitten a yellow fever patient. The mosquitoes to become infected must bite a yellow fever patient during the first three days of his attack. It is often difficult to decide during the first three days whether a patient has yellow fever; hence the necessity in threatened communities of placing a mosquito bar immediately around every patient who has a fever of any kind and for at least three days."

Lost His Head.

A British soldier who had fought bravely during the Boer War, had occasion to seek employment of a well-known general. This private had had the misfortune to lose his nose while in action. The general was so tickled with the appearance of the private that he burst out into loud laughter, to the discomfiture of the private. The general said, when his laughter had subsided, "My good fellow, where did you lose your nose?" "I lost my nose, sir," said the nettled private, in the same battle that you lost your head."

The Wrong Button.

It was the day after the call for special arms for the hexen. The pastor had her proceed. "Tell me all," he urged kindly, "put a button in the contribution box," she said. He smiled. "And did your conscience trouble you?" he asked benignly. The woman raised her eyes earnestly. "No, it is not that," she said. "I put in the wrong button and broke a nail, and would like to exchange it, if you please."—Washington Life.

## ANTS BUILD GOOD ROADS.

They Are as Smooth as If Cemented from End to End—Greatest Constructors on Earth.

The greatest road builders in the world are a species of red ants found in South America. In building a road they carry minute particles of clay, with which they line all the roads as well as the galleries and passages of their nests till they look smooth as if cemented by a master mason. Some idea of their number can be formed when it is remembered that the whole of this road to their tree, perhaps nearly half a mile long, is densely thronged with a multitude going out empty and coming back with their umbrella-like burdens, while thousands upon thousands swarm in the doomed tree.

That this vast army is under the best discipline can be proved by watching them only a few moments. The drivers are constantly running up and down giving their orders to the workers, which they do by touching heads for a moment. The individuals, so touched will stop, turn back, hurry forward or go in some such way that he is following some command. But a better proof of the discipline is found in the fact that when the army meets with an obstacle, such as a log or large stone, there is a jam of ants on both sides and they run about in dismay and disorder. Instantly the drivers hurry up, showing the greatest excitement, and run over, around and under the impediment to find the best way out of the difficulty. When they have decided they lead off the line of march in the proper direction. But until they take this step the workers make no attempt to pass the obstacle.

When a selection of a level piece of ground has been made a perpendicular shaft some eight inches in diameter and six or seven feet deep is formed. This is for drainage and ventilation, never for ingress or egress. If the ground slopes the shaft is horizontal, the mouth, of course, being at the bottom of the hill. From the perpendicular shaft, commencing at the bottom, radiate galleries, like the spokes of a wheel set at a slight angle. At the end of each series of galleries spokes a central gallery is made, forming, as it were, a sort of wheels one above the other. In or rather above these circular galleries the nests of dwelling places are constructed. These are oval in shape and about a foot long. The narrow end of the oval is downward and opens to the roof of the gallery, and as the spokes always slope slightly toward the shaft no tropical rats, no matter how heavy, can enter the homes and breeding places of the ants.

## NO FOOD FOR ELEVEN DAYS

Blind Indian Falls Into Mine Shaft and Subsidiary Friends Rescue Him.

Macey Ball, a blind Modoc Indian, living miles northwest of Seneca, fell into an abandoned mining shaft about 40 feet deep, whereupon he had been buried. Eleven days later Ball was rescued. "There must have been considerable water in the shaft," says the Hustler, "as the Indian declares he never struck bottom. It seems that in some way, when he arrived at the surface of the water, he got hold on to something long enough to keep from drowning, and had dug a hole in the side of the shaft with his hands large enough to crawl into, and there he had remained the entire 11 days without food of any kind. A rope was lowered to him and he placed the noose around his body and was pulled out. He seemed none the worse for his fasting, as he was able to walk home about half a mile. Sam Lawyer had been out hunting for the missing man, and his dogs, passing the shaft, heard the Indians making queer sounds, peculiar to his tribe, and set up a howl. Sam looked into the shaft, but could see no one, as Macey had burrowed deep enough to be entirely out of sight, but he heard him and sought the help of Ben Lawyer and Tom Welsh and they rescued the imprisoned man."

## Sick Headache

When your head aches, there is a storm in the nervous system, causing the brain.

The irritation produces pain in the head, and the turbulent nerve current sent to the stomach causes nausea, vomiting.

This is sick headache, and is dangerous, as frequent and prolonged attacks weaken the brain, resulting in loss of memory, inflammation, epilepsy, fits, dizziness, etc.

Alay this stormy, irritated, aching headache by taking Dr. MOPPETT Anti-Pain Pill.

They stop the pain by soothing, strengthening and relieving the tension upon the nerves—not by paralyzing them, as do most headache remedies.

Dr. MOPPETT Anti-Pain Pills do not contain opium, morphine, chloral, cocaine or similar drugs.

"Sick headache is hereditary in my family, and for many years I have had to bear the pain, and have been unable to attend to my business affairs because of it. I have had a very severe attack of headache, I took Dr. MOPPETT Anti-Pain Pill, and relieved me almost immediately. Since then I take one when I feel the headache coming on."

Present Dr. JOHN J. McELAIN, Attnys.

## The Women Who Talked and Acted Differently.

She belonged to a society for the prevention of cruelty to animals, but she made the poor dressmaker work day and night to get her ball dress ready on time, and then forgot to pay the dressmaker for weeks and weeks.

She reprimanded the small boy that threw a stone at a cat, yet she drove a team of horses with docked tails.

She wrote a beautiful article for the local paper advocating the organization of Audubon societies among the boys and girls, then donned a hat containing three stuffed birds.

She was prominent in her church society and read a paper depicting the fact that the poor do not attend church more, and while reading it she wore silks and satins enough to defray the living expenses of the average working man's family for six months.

Feltner Indictment Quashed.

When the case of Mass Feltner, charged with killing Jesse Field, was called in the Estill Circuit Court, on motion of the Commonwealth, the indictment against Feltner was quashed and the case re-referred at once to the grand jury which returned a new indictment for murder.

A report on the German training school for teaching scientific house-keeping, cooking and farm work to the women connected with four agricultural districts declares them to have given great satisfaction.

## BANK MONEY ORDERS.

We take this opportunity of calling your attention to BANK MONEY ORDERS, a new feature in banking which we are introducing. You will find them convenient for sending small amounts of money to other cities in payment of merchandise, subscriptions to papers, etc. They are absolutely safe and are payable everywhere. Their payment is guaranteed by the American Surety Company, of New York, which has a capital of \$4,500,000. We issue a receipt for each order purchased. You do not have to write out an application for them, as you do a Postal Money Order, and you are thus saved delay and inconvenience. The cost is also less than the money orders, being as follows:

Amounts \$5 and under, 2 cents,  
Amounts \$5 to \$10, 5 cents,  
Amounts \$10 to \$25, 10 cents,  
Amounts \$25 to \$50, 15 cents,  
Amounts \$50 to \$75, 20 cents,  
Amounts \$75 to \$100, 25 cents.

## SEAWEED REALLY VALUABLE

Thanks to Writer Who Experimented & Use Is Found for Kitherto Useless Article.

At last we seem to have found an excellent use for seaweed, thanks to an experienced and enterprising writer in Orling. She owned a summer cottage by the sea, which like the Biblical mansion, was built upon sand. Before long the doors began to sag and the whole structure to lose its balance, on account of the shifting of its foundation. It was then that necessity, the mother of invention, came to the rescue, and the seaweed that was continually drifting in with the tide was impressed into service. This was scattered around the house, a few loads of soil sprinkled over it, and in a few years what before was nothing but barren sandhills became a carpet of vivid green, the envy of the neighboring dwellers. Also vegetables, flowers and even hedges made their appearance in time, and the great transformation was complete. No doubt many people who are situated in the same position will welcome this innovation as a godsend.

### Here's a New One.

Take the number of your brothers; double this amount; add to it three; multiply the result by five; add to it the number of living sisters; multiply the result by ten; add number of deaths of brothers and sisters; subtract 150 from the result. The right hand figure will be the number of deaths; the middle figure will be the number of living sisters; the left figure will show the number of living brothers. And these figures never lie.—Buffalo Commercial.

### Lumberman Killed.

A message from Hyden tells of the killing of Felix Hoskins, a prominent lumber merchant, in Lee county, by his first cousin, Nick Garrison, also a lumber man, of Hyden. Hoskins had sued Garrison for debt. The latter claimed he did not owe Hoskins anything. They quarreled over this and the shooting resulted.

## NOW IS THE TIME TO GET WELL.

### Nature Helps Mi-o-na Cure Stomach Troubles in Short Order.

The summer months are the best in the whole year for the treatment and cure of stomach troubles. The outdoor life, with natural exercises, fresh fruit and berries which are so freely eaten, all help to restore healthy action to the digestive organs.

Now when Nature will aid Mi-o-na in curing indigestion and giving strength to the stomach and whole digestive system, is the best time to use this remarkable remedy.

If you suffer with headaches, in

digestion, flatulence, specks before the eyes, fermentation, heart burn, dizziness, or have a variable appetite, and a general feeling of debility or weakness, it shows clearly that the stomach is not digesting the food as it should.

Just one little tablet out of a 50 cent box of Mi-o-na for a few days, and all this will be changed for the better, and health restored. Ask W. S. Lloyd to show you the Mi-o-na guarantee. Aug 9 23

### Did He Remember?

Binks, after inviting his friend Jinks, who had just returned from abroad, to dinner, is telling him what a fine memory his little son Hobby has.

"And do you suppose he will remember me?" said Jinks.

"Remember you! Why, the remember every face that he ever saw."

An hour later they entered the dining room, and after Jinks had shaken hands with Mrs. Binks, he calls Hobby over to him.

"And do you remember me, my little man?"

"Course I do! You're the same feller that pa brought home last summer, and ma wuz so mad about it that she didn't speak to pa for a whole week."—Galveston (Tex.) News.

### SUBMARINE MINE A DANGER

Hidden Machines Have Caused More Damage Than Torpedo Boats and Torpedoes.

A remarkable fact, which also appears with regard to the torpedo, is the infrequent hits made when attacking ships at anchor, says the Navy League Journal. In the first attack made by the Japanese fleet from Port Arthur the Japanese destroyers slowed down and came within a short distance of the enemy, but, with everything in their favor, of the 23 torpedoes discharged only three made hits. On June 2 and 4, when the entire Russian fleet was outside the harbor, in a long series of attacks by the Japanese torpedo boats not the slightest damage resulted. As to ships in motion the torpedo has been proved to be absolutely useless, no hits having been made during the war, although attempts were repeatedly had. It would, therefore, appear that the efficiency of this weapon of war had been greatly exaggerated, for its failure cannot be attributed to any want of skill or courage on the part of the Japanese, who displayed at all times the greatest bravery and coolness.

But if the torpedo has been a disappointment the fear of it and the ignorance concerning its efficiency produced a marked change in naval actions, for it forced the fighting between the large ships at extreme long ranges, and proved that the 6-inch guns, with which most battleships are largely armed, were almost useless, the heavy guns—the 12, 10 and 8-inch—only being effective.

The greatest destructive agent employed by both antagonists, however, has been the submarine mine. By this means alone one seventh of the battleship force on either side has been put out of action, and its use constitutes one of the most serious perils of the future unless restrained by international agreement to territorial waters. The mine has done what the torpedoes failed to do, and the long list of casualties to its credit proves it to be a most formidable engine of war.

What has been clearly demonstrated and can be accepted for future guidance is that torpedoes are not to be dredged as formerly, but in an engagement between battleships the large guns only are effective, and that submarines, while the most deadly of all modern instruments of warfare, are inhuman and barbarous, and should be restrained by the laws of war.

#### Absolutely Prevents BLOOD POISONING.

There is a new product manufactured in Louisville, Ky., known as Paracamp, First Aid to the Injured, which has proven an absolute preventive of blood poisoning after any kind of wound. Paracamp is a combination of rare cooling, soothing, salving oils and camphor, and owing to its remarkable power relieving and healing powers is highly endorsed by the medical profession, hospitals and by all public institutions where a great many people are employed. Paracamp contains neither opium, morphine nor cocaine. Hence it is safe, clean, pure, remedy and can be used by every household to be used in case of emergency.

Mothers will find it so superior to witch hazel, astringent, vaseline, old salves or liniments that she will be loath to give up.

Wish to make salve for use in case of sprains, strains, etc. Paracamp is a useful and meritorious product. We learn from many sources that Paracamp is unequalled for the cure of Neuralgia, Rheumatism, Sciatica and Inflammation. The manufacturer guarantees every bottle to give satisfaction—so no chances are taken by trying Paracamp. It is sold in boxes of 16 oz. and \$1.00 both in all good druggists or sent direct upon receipt of price. Manufactured only by the Paracamp Company, of Louisville, Ky., a \$300,000 corporation.

## MASTIC MIXED PAINT

## Can't be Touched

for painting houses. The reason's plain. Mastic is natural, therefore it's the durable and economical. There is a whole string of "other fellows" claiming "just as good as Mastic" but they can't touch it. Maybe they can't. The analysis of Mastic is published. It's made of pure lead, zinc, and oil—(the most durable of all)—the most durable time of paint—and its purity is therefore unquestioned.

As purity means durability, the splendid wearing qualities of Mastic have won the title of "The Kind That Lasts," and this title is backed up by our absolute guarantee. Mastic is made by

At County Clerk's office August 7th, Judge A. A. Hazelrigg officiating, R. J. Baily to Miss Sadie Jones, both of this county.

A farm laborer who was getting married found that he had not enough money to pay the minister. He promised, however, to pay him in potatoes when they were ready for digging. The minister waited for some time, but no potatoes were forthcoming; so he called upon the man and inquired the reason.

"Well, to tell you the truth, Guv'nor," was the reply, "I'd like to give you the potatoes, but she ain't worth it."—Harpers Weekly.

He is not so bad as the Winchester grooms who said: (to us after marrying him in our city) "I'll see you at the hotel," and then drove out of town with his beloved; nor as others who have said: "I'll see you later."
